### **REASONS FOR ALLOWANCE**

The following is an examiner's statement of reasons for allowance:

The prior art of record does not disclose, singly or in combination, a coupler as claimed in detail in claim 1 or claim 8.

The closest prior art includes Hardy (US 290,045) and Cupit (US 3,680,896).

Regarding claim 1, neither Hardy nor Cupit teach or fairly suggest the limitations "wherein the angled wide end includes an alignment feature for fixing the rotational position of the coupler about the centerline, the alignment feature including a tab projecting from the angled section essentially parallel to the centerline and having an axial slot sized to receive a nib fixed with respect to the opening."

Regarding claim 8, neither Hardy nor Cupit teach or fairly suggest the limitations "wherein the angled section wide end defines a circular face groove having an o-ring disposed in the face groove." While a circular face groove having an o-ring therein is well known, such claimed in combination with the other limitations posited in claim 8 is not. And it is not considered obvious to modify the angled section wide end of Hardy or Cupit with a circular face groove having an o-ring therein.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to James M. Hewitt whose telephone number is 571-272-7084. The examiner can normally be reached on M-F, 930am-600pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Daniel Stodola can be reached on 571-272-7087. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
